

UNITS

ZEYNEP BOYAN

Material: Stoneware clay.
Lead time: 8-10 weeks.
Dimensions: Approx. 25 x 25 cm

Blurring the line between art and design, UNITS are sculptural ceramic storage solutions designed with the intention to hold everyday objects.

Spacious enough to hold multiple objects, each abstract and biomorphic unit is adorned with a distinct sculptural handle, adding a unique touch to its organic design.

Each one-of-a-kind edition is carefully sculpted, crafted and finished by hand using mixed techniques.

Important: This item is entirely handmade. Due to the nature of the medium and the unique process, slight variations are expected. Please allow for minor differences in dimensions, up to a few centimeters.
