

UNITS

Blurring the line between art and design, UNITS are sculptural stoneware ceramic pieces designed with the intention to hold everyday objects.

Spacious enough to hold multiple objects, each abstract and biomorphic unit is adorned with a distinct sculptural handle, adding a unique touch to its organic design.

Each one-of-a-kind edition is carefully sculpted, crafted and finished by hand in Montreal using mixed techniques.

BOYAN

UNITS

Material: Terracotta stoneware clay

Dimensions: Approx. 10 x 10 in

Lead time: 8-10 weeks

Important: This item is completely sculpted by hand with an utmost attention to detail. Due to the nature of the medium and human touch, slight variations are expected. Please allow dimensions to vary within an inch.
